General Suggestion to Resolve Many Issues

Try These First

★ **Hard close your apps**

- double click on the home button and swipe up for all of your apps
- Open the app you would like to use again.

★ **Turn off iPad to let it reset**

- Press and hold the power button until you see “slide to power off”
- Slide that notification
- Wait until it shuts down completely
- Press the power button to turn it back on

★ **Make sure iPad is up to date with the latest IOS version**

- Go to Settings...General...Software Update
- You will see if your software is up to date or if you need an update.

★ **Make sure your app is running the latest version**

- Launch the App Catalog app (Image to left)
- Find the app you are having trouble with
- Tap Installed
- Tap Install

★ **Uninstall and Reinstall the app that is giving you the problem**

- Press and hold on the app.
- Tap Delete App
- Launch the App Catalog app (image to left)
- Tap Install
- Tap Install again.

★ **Make sure you are logged into ONLY your RVC account on your iPad**

Classroom is Crashing when I'm Typing

The Classroom annotation tool DOES NOT LIKE TEXT BOXES. Please do not use text boxes when you are annotating in Google Classroom.

If it is a Google Doc or Slides file, bring the file into that app to do your typing. [Here is a video explaining.](#)

[You can try PDF Expert if you really want to use text boxes on the file and it is a PDF.](#)
